

It is my privilege to introduce a person who “found a way and made a way” from the back woods of western Pennsylvania to create a \$100 million company in the land of sunny southern California.

His bestselling book, “*Always Forward!*”, has been called “a game plan for life” by NBC’s Tracy Forner. Bill donates 100% of the proceeds from the sale of his book to the Intrepid Fallen Heroes Fund, which supports the United States military and the families of those wounded or lost in the service to our country.

He is a personality that is much “in demand,” regularly appearing on FOX, CBS and NBC television. Bill has appeared three times on The Steve Harvey Show as a motivational business coach for select members of the audience. He has been the guest and co-host for over 70 radio broadcasts. Today, he is the host of *The UNSTOPPABLES* and *The Bill Wooditch Show* on The Wooditch Network.
